

Kiwi^{IR}

Electronic Storage and Asset Monitoring

NEW Competitive Edge

No Wi-Fi. No Power. No Problem.

Reliable and easy-to-setup unit-level security for your customers.

A hands-off approach to security management - your customers and clients can depend on the Kiwi IR to notify them of any unwanted access to their unit(s), from virtually anywhere.*

Customer-Managed Setup and Monitoring

Zero liability, operational responsibility, or installation hassles on the management end.

Earn Revenue on Hardware Sales + Subscriptions

Earn a recurring commission on subscriptions for every month that a unit has an active subscription.

Simple and Quick Setup for Customers

From unboxing to ready in just a few minutes.

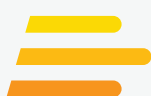

LTE Cellular Connected*

Connected on the nation's most reliable network - no need for Wi-Fi or Bluetooth.

Long-Lasting Battery Life**

User replaceable, included batteries last for over a year.
